MAC WINDOW FASHIONS

We are a Melbourne based Soft furnishings Manufacturer specialising in custom curtains. We service both the retail and commercial markets locally and nation-wide.

Here at MAC Window Fashions, we create high quality custom soft furnishings incorporating state of the art machinery with some good old fashioned hand craftsmanship that can only be achieved by knowledge through experience.

As a known industry leader, we are used to working with all types of clientele - large or small.

Exceptional quality and customer satisfaction are the foundations of our company and is the driving force behind all decisions. We pride ourselves on creating high quality Australian made curtains for all Australian spaces.

SHEER CURTAINS

- Sheer curtains are a beautiful yet practical addition to any space. Whether you are looking to soften a room or update your décor, we have the solution for you.
- By perfectly framing your windows, sheers will complement the look of any room with their stylish and timeless finish.
- Sheer curtains allow in the natural light, creating a soft and welcoming feeling whilst maintaining your privacy.

MAC MADE

Our MAC Made program is a made to measure service designed to eliminate the stress and confusion when ordering curtains for our retail partners. This ensures the end consumer get perfect curtains every time.

- Curtains, tracking and fabric all in one!

HEADING TYPES AVAILABLE

S-Fold:

The S-Fold style curtain gives a contemporary look that has been growing in popularity over recent times. Utilising a smaller heading of 25mm it provides the curtain with a narrow and sleek top construction. This also benefits the application with higher achievable continuous drops which will avoid joins in the fabric.

- Available in a 25mm heading size with a choice of white, black, or clear tape.

Simple, chic, and sophisticated.

Wave Fold:

This stylish heading type gives a soft ripple effect similar to S-Fold. While still providing a contemporary look, it will also provide a thicker heading aesthetically.

The difference between S-Fold and Wave Fold styles is the increased heading size of 75mm.

- Available in 75mm clear heading tape only.

Elegant & stylish

Pencil Pleat:

Pencil Pleat curtains feature folds gathered closely together to resemble a neat row of pencils. This is a great solution when the application has reduced space to operate in or to operate as a dual curtain to reduce projection.

- Available in 75mm white or clear tape.

Perfect choice for either contemporary or traditional styles

Lining:

3-pass non-FR continuous blackout lining available in White, Ivory and a range of other colours.

TRACKING

MAC Standard –

This track is perfect for all applications with its slim profile and bending capabilities. This tracking system can be utilised in a single or dual application.

Colours: black and white (20mm square profile)

MAC Curve –

A great option for a decorative looking top mounted track. Only available in a straight application.

Colours: black and white (15mm round profile)

Designer 25 –

Our decorative rod which brings elegance and style to any space, is only suitable for face fit applications and has bending capabilities.

Colours: black, white, silver (25mm round profile)

Designer 38 –

For a more pronounced decorative look, this track option makes a bold statement. Only available in face fit and straight applications.

Colours: black, white, silver (38mm round profile)

Somfy Glydea –

The Somfy Glydea track is a motorised option suitable for all curtain types. With its high-end features and quiet operation, your curtain movement will be effortless.

This track option is highly functional and has bending capabilities.

Colours: white only
